WORK EXPERIENCE

Self-Employed Web Developer
Custom Web Apps by Audrey, LLC

04/2023 - Present

Client: Sacred Society LLC

- Communicating with the Director of Operations to modify the company Shopify website (editing theme files including JSON, Liquid, CSS, and JavaScript).
- Hosting server code on a Digital Ocean droplet (JavaScript, Express.js, Node.js).
- Sending customized emails through SendGrid.
- Using MongoDB to implement customized discounts (integrating with existing Shopify discount functionality) to have a set expiration based on specific user action (expiration is different for each user).

Contact : Madison Norton - maddie@sacredsociety.com - (303) 386 - 2029

Full Stack Web Developer
Fine Mountain Consulting/Longma Logic

02/2022 - 03/2023

Consulting Firm

Achievements/Tasks

- Primary developer on a full-stack app (skills used: MERN stack and AWS).
- Worked on a custom 2-factor authentication login page for companies that use Knack (skills used: Twilio, React.js, Knack, Google Firestore).
- Communicated with clients weekly by email and/or meetings to understand the needs and discuss various possible solutions.
